Section G	Functional Status	
M1800. Groom	ng -	
Current ability t	tend safely to personal hygiene needs (specifically: washing face and hands, hair care, shaving or make up, tee or fingernail care).	eth
Enter Code	 Able to groom self unaided, with or without the use of assistive devices or adapted methods. Grooming utensils must be placed within reach before able to complete grooming activities. Someone must assist the patient to groom self. Patient depends entirely upon someone else for grooming needs. 	

	ility to Dress <u>Upper</u> Body safely (with or without dressing aids) including undergarments, pullovers, s and blouses, managing zippers, buttons, and snaps.
Enter Code 0 1 2 3	Someone must help the patient put on upper body clothing.
M1820. Current Ab	ility to Dress <u>Lower</u> Body safely (with or without dressing aids) including undergarments, slacks, socks or
Enter Code 0 1 2 3	Someone must help the patient put on undergarments, slacks, socks or nylons, and shoes.
M1830. Bathing Current ability to wa	ash entire body safely. <u>Excludes</u> grooming (washing face, washing hands, and shampooing hair).
Enter Code 0 1 2	Able to bathe self in shower or tub independently, including getting in and out of tub/shower. With the use of devices, is able to bathe self in shower or tub independently, including getting in and out of the tub/shower. Able to bathe in shower or tub with the intermittent assistance of another person: a. for intermittent supervision or encouragement or reminders, OR b. to get in and out of the shower or tub, OR c. for washing difficult to reach areas. Able to participate in bathing self in shower or tub, but requires presence of another person throughout the bath for assistance or supervision. Unable to use the shower or tub, but able to bathe self independently with or without the use of devices at the sink, in chair, or on commode. Unable to use the shower or tub, but able to participate in bathing self in bed, at the sink, in bedside chair, or on commode, with the assistance or supervision of another person.
M1840. Toilet Trans	ferring
Current ability to ge	et to and from the toilet or bedside commode safely <u>and</u> transfer on and off toilet/commode.
Enter Code 0 1 2 3 4	<u>Unable</u> to get to and from the toilet but is able to use a bedside commode (with or without assistance). <u>Unable</u> to get to and from the toilet or bedside commode but is able to use a bedpan/urinal independently.
M1845. Toileting H	ygiene
Current ability to m	aintain perineal hygiene safely, adjust clothes and/or incontinence pads before and after using toilet, urinal. If managing ostomy, includes cleaning area around stoma, but not managing equipment.
M1850. Transferrin	g
	ove safely from bed to chair, or ability to turn and position self in bed if patient is bedfast.
Enter Code 0 1 2 3 4 5	 Able to bear weight and pivot during the transfer process but unable to transfer self. Unable to transfer self and is unable to bear weight or pivot when transferred by another person. Bedfast, unable to transfer but is able to turn and position self in bed.

M1860. Ambulation/Locomotion			
Enter Code	o. Able to independently walk on even and uneven surfaces and negotiate stairs with or without railings (specifically: needs no human assistance or assistive device). 1. With the use of a one-handed device (for example, cane, single crutch, hemi-walker), able to independently walk on even and uneven surfaces and negotiate stairs with or without railings. 2. Requires use of a two-handed device (for example, walker or crutches) to walk alone on a level surface and/or requires human supervision or assistance to negotiate stairs or steps or uneven surfaces. 3. Able to walk only with the supervision or assistance of another person at all times. 4. Chairfast, unable to ambulate but is able to wheel self independently. 5. Chairfast, unable to ambulate and is unable to wheel self. 6. Bedfast, unable to ambulate or be up in a chair.		
Section GG	Functional Abilities		
GG0100. Prior Functioning: Everyday Activities Indicate the patient's usual ability with everyday activities prior to the current illness, exacerbation, or injury.			
 Coding: Independent – Patient completed all the activities by themself, with or without an assistive device, with no assistance from a helper. Needed Some Help – Patient needed partial assistance from another person to complete any activities. Dependent – A helper completed all the activities for the patient. Unknown Not Applicable 			A. Self Care: Code the patient's need for assistance with bathing, dressing, using the toilet, and eating prior to the current illness, exacerbation, or injury.
			B. Indoor Mobility (Ambulation): Code the patient's need for assistance with walking from room to room (with or without a device such as cane, crutch or walker) prior to the current illness, exacerbation, or injury.
			C. Stairs: Code the patient's need for assistance with internal or external stairs (with or without a device such as cane, crutch, or walker) prior to the current illness, exacerbation, or injury.
			D. Functional Cognition: Code the patient's need for assistance with planning regular tasks, such as shopping or remembering to take medication prior to the current illness, exacerbation, or injury.
GG0110. Prior Device Use			
	nd aids used by the patient prior to the current	illness, exacerbation, o	r injury.
	eck all that apply		
A.	Manual wheelchair		
B.	Motorized wheelchair and/or scooter		

C. Mechanical lift

E. Orthotics/prostheticsZ. None of the above

D. Walker

SOC/ROC

GG0130. Self-Care

Code the patient's usual performance at SOC/ROC for each activity using the 6-point scale. If activity was not attempted at SOC/ROC, code the reason.

Coding:

Safety and **Quality of Performance** – If helper assistance is required because patient's performance is unsafe or of poor quality, score according to amount of assistance provided.

Activities may be completed with or without assistive devices.

- 06. Independent Patient completes the activity by themself with no assistance from a helper.
- 05. **Setup or clean-up assistance** Helper sets up or cleans up; patient completes activity. Helper assists only prior to or following the activity.
- 04. **Supervision or touching assistance** Helper provides verbal cues and/or touching/steadying and/or contact guard assistance as patient completes activity. Assistance may be provided throughout the activity or intermittently.
- 03. **Partial/moderate assistance** Helper does LESS THAN HALF the effort. Helper lifts, holds or supports trunk or limbs, but provides less than half the effort.
- 02. **Substantial/maximal assistance** Helper does MORE THAN HALF the effort. Helper lifts or holds trunk or limbs and provides more than half the effort.
- 01. **Dependent** Helper does ALL of the effort. Patient does none of the effort to complete the activity. Or, the assistance of 2 or more helpers is required for the patient to complete the activity.

- 07. Patient refused
- 09. **Not applicable** Not attempted and the patient did not perform this activity prior to the current illness, exacerbation or injury.
- 10. Not attempted due to environmental limitations (e.g., lack of equipment, weather constraints)
- 88. Not attempted due to medical conditions or safety concerns

1. SOC/ROC Performance		
Enter Codes in Boxes ↓		
	A.	Eating: The ability to use suitable utensils to bring food and/or liquid to the mouth and swallow food and/or liquid once the meal is placed before the patient.
	В.	Oral Hygiene: The ability to use suitable items to clean teeth. Dentures (if applicable): The ability to insert and remove dentures into and from mouth, and manage denture soaking and rinsing with use of equipment.
	C.	Toileting Hygiene: The ability to maintain perineal hygiene, adjust clothes before and after voiding or having a bowel movement. If managing an ostomy, include wiping the opening but not managing equipment.
	E.	Shower/bathe self: The ability to bathe self, including washing, rinsing, and drying self (excludes washing of back and hair). Does not include transferring in/out of tub/shower.
	F.	Upper body dressing: The ability to dress and undress above the waist; including fasteners, if applicable
	G.	Lower body dressing: The ability to dress and undress below the waist, including fasteners; does not include footwear.
	Н.	Putting on/taking off footwear: The ability to put on and take off socks and shoes or other footwear that is appropriate for safe mobility; including fasteners, if applicable.

Follow-up

GG0130. Self-Care

Code the patient's usual performance at Follow-up for each activity using the 6-point scale. If activity was not attempted at Follow-up, code the reason.

Coding:

Safety and Quality of Performance – If helper assistance is required because patient's performance is unsafe or of poor quality, score according to amount of assistance provided.

Activities may be completed with or without assistive devices.

- 06. Independent Patient completes the activity by themself with no assistance from a helper.
- 05. **Setup or clean-up assistance** Helper sets up or cleans up; patient completes activity. Helper assists only prior to or following the activity.
- 04. **Supervision or touching assistance** Helper provides verbal cues and/or touching/steadying and/or contact guard assistance as patient completes activity. Assistance may be provided throughout the activity or intermittently.
- 03. **Partial/moderate assistance** Helper does LESS THAN HALF the effort. Helper lifts, holds or supports trunk or limbs, but provides less than half the effort.
- 02. **Substantial/maximal assistance** Helper does MORE THAN HALF the effort. Helper lifts or holds trunk or limbs and provides more than half the effort.
- 01. **Dependent** Helper does ALL of the effort. Patient does none of the effort to complete the activity. Or, the assistance of 2 or more helpers is required for the patient to complete the activity.

- 07. Patient refused
- 09. **Not applicable** Not attempted and the patient did not perform this activity prior to the current illness, exacerbation or injury.
- 10. Not attempted due to environmental limitations (e.g., lack of equipment, weather constraints)
- 88. Not attempted due to medical conditions or safety concerns

Discharge				
M1311. Current Number of Unhealed Pressure Ulcers/Injuries at Each Stage				
Enter Number	A1. Stage 2: Partial thickness loss of dermis presenting as a shallow open ulcer with a red or pink wound bed, without slough. May also present as an intact or open/ruptured blister. Number of Stage 2 pressure ulcers — If 0 → Skip to M1311B1, Stage 3			
Enter Number	A2. Number of these Stage 2 pressure ulcers that were present at most recent SOC/ROC – enter how many were noted at the time of most recent SOC/ROC			
Enter Number	B1. Stage 3: Full thickness tissue loss. Subcutaneous fat may be visible but bone, tendon, or muscle is not exposed. Slough may be present but does not obscure the depth of tissue loss. May include undermining and tunneling. Number of Stage 3 pressure ulcers — If 0 → Skip to M1311C1, Stage 4			
Enter Number	B2. Number of these Stage 3 pressure ulcers that were present at most recent SOC/ROC – enter how many were noted at the time of most recent SOC/ROC			
Enter Number	C1. Stage 4: Full thickness tissue loss with exposed bone, tendon, or muscle. Slough or eschar may be present on some parts of the wound bed. Often includes undermining and tunneling. Number of Stage 4 pressure ulcers — If 0 → Skip to M1311D1, Unstageable: Non-removable dressing/device			
Enter Number	C2. Number of these Stage 4 pressure ulcers that were present at most recent SOC/ROC – enter how many were noted at the time of most recent SOC/ROC			
Enter Number	D1. Unstageable: Non-removable dressing/device: Known but not stageable due to non-removable dressing/device Number of unstageable pressure ulcers/injuries due to non-removable dressing/device — If 0 → Skip to M1311E1, Unstageable: Slough and/or eschar			
Enter Number	D2. Number of these unstageable pressure ulcers/injuries that were present at most recent SOC/ROC — enter how many were noted at the time of most recent SOC/ROC			
Enter Number	E1. Unstageable: Slough and/or eschar: Known but not stageable due to coverage of wound bed by slough and/or eschar Number of unstageable pressure ulcers due to coverage of wound bed by slough and/or eschar — If 0 → Skip to M1311F1, Unstageable: Deep tissue injury			
Enter Number	E2. Number of these unstageable pressure ulcers/injuries that were present at most recent SOC/ROC — enter how many were noted at the time of most recent SOC/ROC			
Enter Number	F1. Unstageable: Deep tissue injury Number of unstageable pressure injuries presenting as deep tissue injury — If 0 → Skip to M1324, Stage of Most Problematic Unhealed Pressure Ulcer/Injury that is Stageable			
Enter Number	F2. Number of these unstageable pressure injuries that were present at most recent SOC/ROC – enter how many were noted at the time of most recent SOC/ROC			

M1322. Curr	ent Number of Stage 1 Pressure Injuries				
	th non-blanchable redness of a localized area usually over a bony prominence. Darkly pigmented skin may not have a ling; in dark skin tones only, it may appear with persistent blue or purple hues.				
Enter Code	0. Zero1. One				
	2. Two				
	3. Three4. Four or more				
M1324. Stag	e of Most Problematic Unhealed Pressure Ulcer/Injury that is Stageable				
Excludes pres	ssure ulcer/injury that cannot be staged due to a non-removable dressing/device, coverage of wound bed by slough r, or deep tissue injury.				
Enter Code	1. Stage 1				
	2. Stage 23. Stage 3				
	4. Stage 4 NA Patient has no pressure ulcers/injuries or no stageable pressure ulcers/injuries				
M1220 Dog	s this patient have a Stasis Ulcer?				
Enter Code	0. No → Skip to M1340, Surgical Wound				
Enter code	1. Yes, patient has BOTH observable and unobservable stasis ulcers				
	 Yes, patient has observable stasis ulcers ONLY Yes, patient has unobservable stasis ulcers ONLY (known but not observable due to non-removable dressing/ 				
	 Yes, patient has unobservable stasis ulcers ONLY (known but not observable due to non-removable dressing/ device) → Skip to M1340, Surgical Wound 				
M1332. Curr	ent Number of Stasis Ulcer(s) that are Observable				
Enter Code	1. One				
	2. Two 3. Three

Is taking Check if the patient is taking any medications by pharma-		patient is taking any medications by pharma- sification, not how it is used, in the following	1. Is Taking	2. Indication Noted	
classe 2. Indica If Col	s I tion no umn 1 is	oted s checked, check if there is an indication noted	↓ Check all that apply ↓		
	sychotic	ations in the drug class		П	
E. Antic	oagular	t			
F. Antib	iotic				
H. Opioi	d				
l. Antip	latelet				
J. Hypoglycemic (including insulin)		c (including insulin)			
Z. None of the above		above			
		imen Review ug regimen review identify potential clinically sig	gnificant medication issues?		
Enter Code 0. No — No issues found during review → Skip to M2010, Patient/Caregiver High-Risk Drug Education Yes — Issues found during review 9. NA — Patient is not taking any medications → Skip to O0110, Special Treatments, Procedures, and Programs					
M2003. Medication Follow-up Did the agency contact a physician (or physician-designee) by midnight of the next calendar day and complete prescribed/ recommended actions in response to the identified potential clinically significant medication issues?					
Enter Code 0. No 1. Yes					
M2005. Medication Intervention Did the agency contact and complete physician (or physician-designee) prescribed/recommended actions by midnight of the next					
calendar day each time potential clinically significant medication issues were identified since the SOC/ROC?					
Enter Cod	e 0. 1. 9.	No Yes NA — There were no potential clinically significations	ant medication issues identified s	ince SOC/ROC or patient is not	

M2010. Patient/Caregiver High-Risk Drug Education

Has the patient/caregiver received instruction on special precautions for all high-risk medications (such as hypoglycemics, anticoagulants, etc.) and how and when to report problems that may occur?

anticoagulan	anticoagulants, etc.) and how and when to report problems that may occur?				
Enter Code	1.	Yes Patient not taking any high-risk drugs OR patient/caregiver fully knowledgeable about special precautions			
		associated with all high-risk medications			

M2020. Manage	M2020. Management of Oral Medications					
	Patient's current ability to prepare and take <u>all</u> oral medications reliably and safely, including administration of the correct dosage at the appropriate times/intervals. <u>Excludes</u> injectable and IV medications. (NOTE: This refers to ability, not compliance or willingness.)					
 Enter Code O. Able to independently take the correct oral medication(s) and proper dosage(s) at the correct times. 1. Able to take medication(s) at the correct times if: a. individual dosages are prepared in advance by another person; OR b. another person develops a drug diary or chart. 2. Able to take medication(s) at the correct times if given reminders by another person at the appropriatimes 3. Unable to take medication unless administered by another person. NA No oral medications prescribed. 						
M2030. Management of Injectable Medications						
	t ability to prepare and take <u>all</u> prescribed injectable medications reliably and safely, including administration of the at the appropriate times/intervals. <u>Excludes</u> IV medications.					
Enter Code	 Able to independently take the correct medication(s) and proper dosage(s) at the correct times. Able to take injectable medication(s) at the correct times if: individual syringes are prepared in advance by another person; OR another person develops a drug diary or chart. Able to take medication(s) at the correct times if given reminders by another person based on the frequency of the injection Unable to take injectable medication unless administered by another person. No injectable medications prescribed.

M1041. Influ	enza \	Vaccine Data Collection Period			
Does this epi	sode (of care (SOC/ROC to Transfer/Discharge) include any dates on or between October 1 and March 31?			
Enter Code	O. No → Skip to M2401, Intervention Synopsis 1. Yes → Continue to M1046, Influenza Vaccine Received				
M1046. Influ	M1046. Influenza Vaccine Received				
Did the patie	nt rec	eive the influenza vaccine for this year's flu season?			
Enter Code	1. 2. 3. 4. 5. 6.	Yes; received from your agency during this episode of care (SOC/ROC to Transfer/Discharge) Yes; received from your agency during a prior episode of care (SOC/ROC to Transfer/Discharge) Yes; received from another health care provider (for example, physician, pharmacist) No; patient offered and declined No; patient assessed and determined to have medical contraindication(s) No; not indicated – patient does not meet age/condition guidelines for influenza vaccine No; inability to obtain vaccine due to declared shortage			
	8. No; patient did not receive the vaccine due to reasons other than those listed in responses 4-7.				

Section Q Participation in Assessment and Goal Setting

M2401. Intervention Synopsis						
At the time of or at any time since the most recent SOC/ROC assessment, were the following interventions BOTH included in the physician-ordered plan of care AND implemented? (Mark only one box in each row.)						
	Plan/Intervention	No	Yes		Not Applicable	
		↓ Check o	nly one box in	each row 🔱		
b.	Falls prevention interventions	0	1	NA NA	Every standardized, validated multi-factor fall risk assessment conducted at or since the most recent SOC/ROC assessment indicates the patient has no risk for falls.	
C.	Depression intervention(s) such as medication, referral for other treatment, or a monitoring plan for current treatment	0	1	NA NA	Patient has no diagnosis of depression AND every standardized, validated depression screening conducted at or since the most recent SOC/ROC assessment indicates the patient has: 1) no symptoms of depression; or 2) has some symptoms of depression but does not meet criteria for further evaluation of depression based on screening tool used.	
d.	Intervention(s) to monitor and mitigate pain	0		NA NA	Every standardized, validated pain assessment conducted at or since the most recent SOC/ROC assessment indicates the patient has no pain.	
e.	Intervention(s) to prevent pressure ulcers	0	1	NA NA	Every standardized, validated pressure ulcer risk assessment conducted at or since the most recent SOC/ROC assessment indicates the patient is not at risk of developing pressure ulcers.	
f.	Pressure ulcer treatment based on principles of moist wound healing	0		□ _{NA}	Patient has no pressure ulcers OR has no pressure ulcers for which moist wound healing is indicated
